

Student Professional Liability Insurance Program (SPLIP)

General:

This insurance program provides general and professional liability coverage for CSU students enrolled in a health profession practicum, social welfare program, social work program, or education credential program that are required by a host institution to obtain general liability and/or professional liability insurance for participation in the institution's affiliation program.

Coverage:

This program provides coverage for the student, University and host entity while the student is participating in a clinical experience.

This coverage may satisfy contractual requirements of the hosting entity, and mitigates the risks of claims and litigation against the student, faculty, the University and hosting entity.

Eligibility:

To be eligible for this coverage, a student must be enrolled in a course for which professional liability coverage is required. A written placement agreement between the University and the hosting community partner is also required.

Those covered include:
