Shawn Mulchay, Founder & Editor-in-Chief

## Student Publication

The Nautical yearbook is a student publication that operates to benefit the University community through publication of an annual yearbook that captures the University experience and history at CSU Channel Islands and to provide journalistic, photographic, graphic design, advertising, marketing, communications, and co-curricular leadership experience for the development of interested students.

## Outstanding Service Project

With its founding in spring 2005 and as the newest member of Associated Students Incorporated (ASI), The Nautical successfully released its inaugural yearbook, "The Path of Excellence," in fall 2006. This inaugural edition, through the combined efforts of nearly 150 students, faculty and administration, encompassed 248-full color pages and featured a range of activities, topics, students, and historical data. The Nautical was the recipient of the 2005-2006 Outstanding Organization Service Project of the Year Award and has since begun work on this year's yearbook, entitled, "Creating the Legacy."
