

# CAREER DEVELOPMENT SERVICES (CDS): PAST, PRESENT AND FUTURE

Presented By:

Debbie Gravelle, Associate Director, Student Leadership & Community  
Hector Carrillo, Career Counselor, Career Development Services

## Overview

The purpose of the poster is to display the growth of Career Development Services (CDS): past, present and future. Highlighted will be two major annual events: the Graduate School Information Fair which occurs during the fall semester and the Career and Internship Fair which takes place during the spring semester. The poster will reflect the growth of these two specific events since their inception and how these programs promote the University and Career Development Services.

## Career and Internship Fair

The Annual Career and Internship Fair

The Career and Internship Fair is designed to reach out to college graduates as well as beginning college students who want to learn what employers are looking for and how to prepare for employment.

## Statement of Purpose

The purpose of Career Development Services is to assist students and other designated clients through all phases of their career development; to provide leadership to the institution on career development concerns; to develop positive relationships with employers and external constituencies; and to support institutional outcomes assessment and relevant research endeavors.

## Graduate School Information

The Graduate School Information Fair brings into focus for many students the realities of a graduate school education. Workshops leading up to this event assist students in the evaluation of their interests, goals, dreams, and abilities.

Career Services Flyer - Decisions are a way of defining ourselves. There comes a time in life where there is nothing else to do but go your own way. Where you are headed there are no trails, no paths, just your own instincts. — Sergio Bambaren (The Dolphin)

The First Annual Graduate School Fair was hosted in 2004 and was attended by approximately 20 institutions. This year, CDS will be hosting its Fourth Annual Graduate School Fair and projects to double its institutional participants with a record attendance of approximately 50 campuses and programs.
