

## **Attention Graduating Students: Parking Pass Information**

Please stop by the Parking and Transportation Services office for your parking passes for this year's CSUCI Commencement ceremony. As parking is extremely limited, participating students will only be issued two parking permits - one for the degree candidate and one for a guest vehicle. Stop by Parking and Transportation Services as soon as possible! Only vehicles with a valid Commencement parking permit will be permitted to park on campus and other designated areas the day of the event.

Please make sure you have completed your Application to Participate prior to picking up your parking passes. Applications are available on the Commencement website at [www.csuci.edu](http://www.csuci.edu) and in the Enrollment Center in Sage Hall.

For general information, call the Commencement Hotline at 437-3100. For information specific to parking during the Commencement ceremony, please call 437-8430 .
