Biographical synopsis of interview:

In interviewing former Bracero Antonio Nuño Gonzalez we have a first hand account of the story of the program from the viewpoint of a worker.

Summary of interview:

Mr. Gonzalez took part in the Bracero program between the years 1958 and 1963. He had a positive outlook on the program, and his experience gave him the opportunity to acquire things he may not have otherwise been able to. His story is one of struggle, strength, and success. What the interview has accomplished is creating an mutually beneficial relationship between the institution & community in that his story is
