Dear Hank:

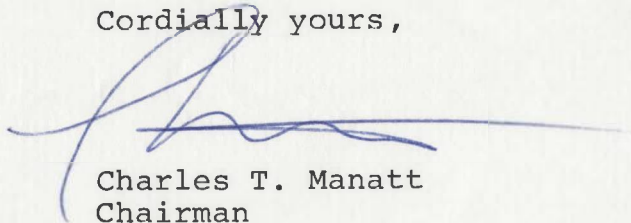

Again, again and again when I remember our "warm" days in California, I'm reminded of your aid and direction in so many matters.

Well, you came through again and again in your help to me and Michael Steed, as in your recent financial contribution to the Party which was most needed and helpful.

It was about this time last year that we were on our last leg of the campaign and your encouragement and help made it all possible.

Thank you again.

Cordially yours,

Charles T. Manatt
Chairman
