Volunteers are needed for the following:

1. To attend the meetings of the Ventura County Coalition for the Homeless. One person is needed. (Isabel Wright is currently attending as our liaison.)
2. To investigate the housing provisions of the general plans of each city and the County.

To investigate how each city and the County is (or is not) implementing its general plan.

To assist in timing our presentations to the city councils and the Board of Supervisors regarding the housing issue.

At least one person is needed; two or three would be preferable. Background desired but not required: familiarity with government documents. Good analysis skills needed.

Timing: begin as soon as possible.

3. To set up a public relations effort including public forums on housing issues. Three or four volunteers are needed to assist in arrangements, publicity, press coverage and as actual participants in a forum. The volunteers should be interested in the housing issue and have some background or knowledge of public relations.

The timing for any public forums will be set after further study by members of the task force.
